If you have any articles or information about events or photo's you wish to share with our readers, then please do not hesitate to contact the office. We would love to include them.

A thank you from Neil and Elsie Warne

Just a note to say how much we appreciated the invitation and enjoyed the day at the Murchison Settlement last weekend.

The opening of the botanical walk and the talk on the history of the original walk and how the new walk came into being was interesting and appreciated.

It was very pleasing to see the Settlement looking so smart with the completed front of the Sports Club, the public area and the outstanding median strip between the Carnarvon-Mullewa Road and the service road from the Shire Office to the Road House.

We really appreciate our occasional visits to the Murchison and the opportunity to say hello to the many folk who made our two 'stays' in Murchison so enjoyable.

Best wishes and keep up the good work.

Neil and Elsie

Banners in the Terrace 2014

The annual Banners in the Terrace Competition is one of the State's largest single community arts projects and each year brings St Georges and Adelaide Terraces alive with colourful vibrant works from communities around the State.

Held in conjunction with the WA Local Government Convention and supported by the City of Perth, banners painted by community groups, art groups and school children are entered in one of five categories covering school ages, community/non professional and professional artists. Each Council is eligible to enter one banner.

In 2014, 76 Banners were displayed along St George's and Adelaide Terraces from Sunday, 27 July to Saturday, 9 August. The Shire of Quairading and the Shire of Narembeen were the Best Overall winners, after both Councils jointly received the award for the Best Community Group/Non Professional category.

The winning entries are shown below.

Best Junior Primary School – Shire of Dandaragan

Best Upper Primary School – Shire of Koorda

Best Secondary School – Shire of Morawa

Best Community Group / Non Professional – Shire of Quairading, Shire of Narembeen

Best Professional / Digital – Shire of Collie

The photo on the right is the Shire of Murchison's Banner entry for 2014 (not quite finished at this stage) but gives you an idea of how large they actually are.

Jano Foulkes-Taylor was kind enough to design and paint our entry for us. Thank you Jano.

This is a short story involving 5 couples and a single.

Couple 1 Brian and Sharon

Couple 2 Barry and Peta Sister of husband of couple 1

Couple 3 Trevor and Leanne

Couple 4 Jox and Anna son of wife of couple 2

Couple 5 Paul and Julie-Anne daughter of wife of couple 2

Single Trever Barndon

On Sunday husbands of couples 1 and 2 Brian and Barry decided to go on a BBQ to look at some art work on a station some 40 kms from the Settlement. After organizing everyone we left the Settlement at 2.00 pm. Couple 1 and husband of couple 2 left in their pride and joy their buggies, wife of couple 2 and son of couple 2 were behind couple 1 when they came upon them on the side of the road. They had no gears, WHAT NOT THE CAN AM!.....Never. So wives of couple 1and 2 were sent back to the Settlement to pick up couple 1's car and a tow rope. Back at scene of break down was husband of couple 1 and son of wife of couple 2 sitting in the buggy partaking in a refreshment. We towed the poor old Can Am into the bush and set off again on our adventure and BBQ.

We arrived at the BBQ site and there was husband of couple 2 fixing a flat tyre on his buggy.

There was much teasing and jabbing at each other over who's buggy made it and who's buggy was sitting in the bush with no gears. Couple 3 arrived then couple 5 with partner of couple 4 in tow and then along came single in his vehicle. We went and had a look at the great stone work that has been taking place over some ten years.

The boys decided that they better go get some wood to light the BBQ . So off went husbands of couples 1, 2, and 3 they came back with enough wood to burn a hundred BBQ's. While the brave hunters were away collecting wood partners of couple 4 and 5 decided to go for a drive in couples 2's buggy with their dogs BJ and RJ in the back. When they returned the BBQ was ready.

After a lovely meal and some light refreshments we decided to return to the Settlement. Husband of couple 2 took off in his buggy with wife coming along behind. Not ten kms along wife of couple 2 found husband on side of road, his back wheel had come off. So yes , another buggy towed into the bush.

Next morning husbands of couple 1and 2 went off with trailers to pick up the two buggies.

When husband of couple 2 arrived back home he discovered that his pressure pump was missing from the back of his buggy. There was much talk about where it had been lost so off went husband of couple two back to the BBQ site. Not finding it around there he decided it was gone and that was the end of the pump, so back home he came. Wife of couple 2 reminded husband that partners of couple 4 and 5 went for a little joy ride in the buggy and it might have fallen off then. 'No No it wouldn't have' said husband of couple 2. Well wife of couple 2 talked him into trying to have one last look, so off we went down the road again, we followed the tracks where partners of couples 4 and 5 went . It wasn't easy as it was very stony in this area of the station. After about 3/4 of an hour, yes we found it lying on the ground just 300 meters from where we had the BBQ. There's no doubt about it, wife of couple 2 was the smart one that day.

Claude Squires

Twin Peaks Station

Hello everyone my name is Claude, I am very fortunate to be living in a loving home environment at Twin Peaks. I am very comfortable in this household and I have the run of the place. I get to go on trips with Mummy Squires. Dad Squires is coming to think my way also. He wasn't too sure of me at first. His first reaction to my arriving at Twin Peaks was "What the hell did you get such a little thing like that for" but as I said earlier, he's coming around. We dogs know how to put the look over, one ear down, a doey look of the eyes, a "look at me I can roll over" and you have the most hardened of humankind won over. Not that Dad Squires is hard he was just overwhelmed by my size.

This photo was taken by Phoebe I had so much fun when they were out here for the holidays.

Welcome to the Murchison Claude, it's always a pleasure to see you when you come to the Shire.

On August the 29th, Trevor and Leanne once again represented the Shire of Murchison at the Tidy Town awards which were held at Guilderton.

In both 2012 and 2013 the Shire won the General Appearance award and Trevor and Leanne have again done a wonderful job throughout the year making sure our settlement always looks a picture. Although all the tourists passing through were convinced we would make a hat trick of it, this year the General Appearance award was taken out by Kalbarri.

Trevor and Leanne did not leave empty handed as the shire won the Young Legends award for our Anti Litter poster campaign which was open to all students in the Murchison Shire.

Congratulations to Three Springs who won the Regional Award for the Midwest-Gascoyne Tidy Towns Sustainable Communities .

Mel Hay, Keep Australia Beautiful Chairman, congratulated the Three Springs community for its approach to preserving its history as well as planning for the future”.

This year's Midwest-Gascoyne category winners:

Community Action and Partnerships: Guilderton

General Appearance: Kalbarri

Waste Management and Litter Prevention: Meekatharra

Natural Environment Conservation: Dongara Port Denison

Wild Dogs Bounty Scheme

Pastoralists

The shire of Murchison has developed a wild Dog Bounty Scheme to aid in the control of wild dogs on properties. Details as follows:-

The Shire of Murchison Wild Dog Control Bounty Scheme has been developed to offer a bounty of \$100 per dog for every wild dog killed.

Doggers and professionals are excluded from the scheme.

It covers all stations within the shire of Murchison except for those covered by the state's trial scheme which is being established in conjunction with the Meekatharra Rangelands Biosecurity Association. Bounty payments for dogs killed on those stations can be claimed under that scheme.

All claims are to be made by the station owner/manager. Persons destroying the dog must take the scalps to the property owner/ manager. The property owner/manager makes their own arrangements with the person who destroyed the dog regarding payment.

Scalps are defined as the two ears and the strip of scalp connecting them and the tail.

Property Owner/Manager must complete the form with all details and verify number of scalps.

Property Owner/Manager is then responsible for getting the forms and the scalps to one of the three regional coordinators for authorisation.

Once regional coordinators have authorised payment the form is to be sent to the Shire of Murchison who will make the payment to the claimant and maintain a data base of all the details.

Regional Coordinators are:-

Mark Halleen

Boolardy Station Tel: 08 9963 7987

Andrew Whitmarsh

Byro Station Tel: 08 9961 3870

Reg Seaman

Murgoo Station Tel: 08 9963 7985

Scalps are not to be taken directly to the Shire of Murchison

The wild dog bounty scheme is proceeding well with 38 dogs destroyed to date.

Nookawarra 4 dogs

Murchison Settlement 2 dogs

Mt Narryer 3 dogs

Yallalong 6 dogs

Ballythuna 1 dog

Byro 2 dogs

Jano F.T. (Tardie Station)

Various evening visitors for dinner included Miles Williams (Innouendy)

Nat Broad (Beringarra), Charlie Jeffries (Billabalong), Emma F.T. (Yuin)

We had lots of fun with 4 days of walking in the bush, painting and drawing, eating and some beverages in the evening.

It was great to catch up with everyone. Carol and Sandy kindly allowed us to use their homestead as our base for sleeping and showering.

We all shared food for the evening meals but brought our own breakfast and lunch.

From a book called: "Disorder in the American Courts" things people actually said in court, word for word, and now published by court reporters that had the torment of staying calm while these exchanges were actually taking place.

ATTORNEY: *This myasthenia gravis, does it affect your memory at all?*

WITNESS: Yes.

ATTORNEY: *And in what ways does it affect your memory?*

WITNESS: I forget.

ATTORNEY: You forget? Can you give us an example of something you forgot?

ATTORNEY: Now doctor, "isn't it true that when a person dies in his sleep, he doesn't know about it until the next morning?"

WITNESS: Did you actually pass the bar exam?

ATTORNEY: *The youngest son, the twenty-year-old, how old is he?*

WITNESS: He's twenty, much like your IQ.

ATTORNEY: *Were you present when your picture was taken?*

WITNESS: Are you kidding me?

ATTORNEY: *She had three children, right?*

WITNESS: Yes.

ATTORNEY: *How many were boys?*

WITNESS: None.

ATTORNEY: *Were there any girls?*

WITNESS: Your Honor, I think I need a different attorney. Can I get a new attorney?

ATTORNEY: *How was your first marriage terminated?*

WITNESS: By death.

ATTORNEY: *And by whose death was it terminated?*

WITNESS: Take a guess.

ATTORNEY: *Can you describe the individual?*

WITNESS: He was about 20, medium height, and had a beard.

ATTORNEY: *Was this a male or a female?*

WITNESS: Unless the Circus was in town I'm going with male.

ATTORNEY: *Doctor, how many of your autopsies have you performed on dead people?*

WITNESS: All of them. The live ones put up too much of a fight.

ATTORNEY: *Do you recall the time that you examined the body?*

WITNESS: The autopsy started around 8:30 p.m.

ATTORNEY: *And, Mr. Denton was dead at the time?*

WITNESS: If not, he was by the time I finished.

ATTORNEY: *Doctor, before you performed the autopsy, did you check for a pulse?*

WITNESS: No.

ATTORNEY: *Did you check for blood pressure?*

WITNESS: No.

ATTORNEY: *Did you check for breathing?*

WITNESS: No.

ATTORNEY: *So, then it is possible that the patient was alive when you began the autopsy?*

WITNESS: No ..

ATTORNEY: *How can you be so sure, Doctor?*

WITNESS: Because his brain was sitting on my desk in a jar.

ATTORNEY: *I see, but could the patient have still been alive, nevertheless?*

WITNESS: Yes, it is possible that he could have been alive and practicing law.

HEALTH & HAPPINESS

Susanne Graham

Stings and Bites

Principles of Care (Except for SNAKES)

MIDGES and SANDFLIES are prevalent in warm humid weather conditions. It is important to use preventative strategies such as :-

Using an insecticide containing 5-20% DEET eg RID or Aerogard or use a mixture of 1/3 Baby Oil 1/3 Dettol, 1/3 Citronella.

These should be liberally applied before going outside (on children and babies apply to clothing rather than skin.)

The wearing of long sleeve garments and long trousers, tucked into socks will also help.

Do not scratch—this will inflame the bite.

If bites become troublesome or red and inflamed, seek medical attention at Doctor's Surgery or Health Centre/Hospital.

MOSQUITOES are also prevalent where-ever there is a combination of warmth and moisture.

They can transmit diseases such as Australian Encephalitis and Ross River Virus. So “beat the bite”:-

Avoid being outside at dusk and dawn, ensure fly screen enclosure on house, caravan and tents, cover up and use insect repellent containing between 5-20% DEET.

MANAGEMENT OF SNAKEBITE

1. DRSABCD
2. REST & REASURE THE CASUALTY
3. APPLY A VERY FIRM PRESSURE IMMOBILISATION BANDAGE QUICKLY
4. SPLINT THE BANDAGED LIMB
5. ENSURE CASUALTY DOES NOT MOVE
6. CALL 000 OR RFDS 1800625800
7. WRITE DOWN TIME OF BITE & WHEN BANDAGE WAS APPLIED
8. DO NOT REMOVE BANDAGE ONCE APPLIED

Applying a Pressure Immobilization Bandage

Use heavy crepe or elasticized roller bandage (about 10-15 cm wide). Only use other material if these items are not available.

1. If on a limb, apply a broad pressure bandage (crepe bandage preferred) over the bite site as soon as possible.
2. Apply a firm heavy crepe or elasticized roller bandage starting just above the fingers or toes and moving upwards as far as can be reached up the limb (include the bite site).
3. Apply tightly—without stopping blood supply to limb.
4. Immobilize the limb using a splint—secure with second bandage.
5. Check at fingers or toes for circulation (blood supply).
6. Keep the patient and the limb at rest.
7. DO NOT remove splint or bandage once applied.

Note: DO NOT allow the patient to move

DEHYDRATION (Heat Exhaustion)

This condition is common through summer. Many people do not realize that they are losing fluid from outdoor activities. Extra fluids need to be drunk in hot weather to compensate for this loss. Remember that alcohol & coffee are drying agents and therefore should not be counted as fluid intake.

SIGNS

- ⇒ Warm, sweating, pink skin
- ⇒ Thirst
- ⇒ Cramps
- ⇒ Vomiting
- ⇒ Headaches
- ⇒ Confusion

TREATMENT

- ⇒ Go to a cool shaded area and rest
- ⇒ Remove or loosen any constricting clothing
- ⇒ If possible douse the person affected with water-cool bath or cloths, fan if available
- ⇒ Give fluids to drink
- ⇒ Watch for signs of collapse, increased distress
- ⇒ Seek medical aid

HEAT STROKE

SIGNS

- ⇒ Hot dry skin
- ⇒ Headaches, vomiting, nausea, abdominal pain
- ⇒ Confusion, delirium, convulsion
- ⇒ Irritability
- ⇒ Coma

TREATMENT

- ⇒ Cover body with wet towels
- ⇒ Apply ice packs to axilla, neck and groin
- ⇒ Seek medical help—URGENTLY

SHAKSHUKA (PAN BAKED EGGS)

A delicious, hearty breakfast from North Africa

Ingredients

- ◊ Olive or canola oil spray
- ◊ 1 medium onion, peeled and chopped
- ◊ 2 cloves of garlic, peeled and chopped
- ◊ 200g mushrooms, sliced
- ◊ 1 medium red capsicum, seeded and diced
- ◊ 440g salt-reduced baked beans
- ◊ 800g canned no-added-salt crushed tomatoes
- ◊ 1 teaspoon ground cumin
- ◊ 1/2 teaspoon smoked paprika
- ◊ Freshly ground black pepper, to taste
- ◊ 125g spinach leaves, roughly chopped
- ◊ 1/2 punnet cherry tomatoes (125), halved
- ◊ 6 eggs
- ◊ 1/2 cup fresh Italian parsley, finely chopped, to serve

Method

Spray a large fry pan with oil and place on medium to high heat.

Add onion and cook for 3 minutes until softened.

Add garlic, mushrooms and capsicum and cook for 5 minutes.

Mix through baked beans, canned tomatoes, cumin, paprika and pepper.

Increase heat and bring to the boil then simmer for 5 minutes until slightly thickened.

Add spinach leaves and gently mix until they start to wilt; sprinkle over cherry tomatoes.

Using a spoon, create 6 little wells, then crack each egg into a well.

Cover pan with lid and cook until whites are firm and yolks are just set, about 5 minutes.

Remove from heat, top with parsley and serve immediately.

BLUES FOR THE BUSH CONCERT AND OPEN DAY

CHARLES DARWIN RESERVE, PERENJORI WA

2014 EVENT PROGRAM

Saturday 4 October 2014
10am–midnight

BLUESFORTHEBUSH.ORG.AU

A SPECIAL CELEBRATION IN A SPECIAL PART OF THE BUSH

OPEN DAY 10AM-4PM

Join us for the second Blues for the Bush and Community Open Day for a celebration full of activities and events designed to engage, inspire and delight you.

Free and open to all, this festival is a unique opportunity to enjoy the vast landscape, friendly folk and warm country hospitality of the vibrant community that lives and works in Perenjori, and to meet some visitors to the region.

GUNDUWA: COLLABORATION ACROSS THE LANDSCAPE

GUNDUWA
Regional Conservation Association

The Gunduwa Regional Conservation Association, together with Mount Gibson Iron, is presenting an engaging and inspiring forum as part of Open Day.

The Gunduwa tent will host an informative selection of well-regarded and interesting speakers to discuss the power of regional partnerships and the opportunities that are presented when a diverse group of organisations work together to achieve common goals. Inspiring presentations from Millennium Kids, Central Desert Native Title Services, Rangelands NRM, Northern Agriculture Catchments Council, Local Government and Pollinators Geraldton will be a highlight.

Collaboration will be the theme here with working examples of how cross-industry partnerships can benefit regional projects. The Gunduwa forum will also include exciting presentations from the four projects currently funded by Gunduwa – think young leaders, think Malleefowl, think soil biology, think semi-arid ecosystems, fire and birds.

GUIDED TOURS OF CHARLES DARWIN RESERVE

Get insights into the diverse challenges involved in conservation while enjoying a close-up view of the unique landscape and biodiversity of the Charles Darwin Reserve on a free guided tour of its species-rich country.

Bring your camera along on the tour to capture the raw beauty of the Reserve. The mini-bus tours will be led by scientists and Bush Heritage staff involved in the conservation programs undertaken at the Reserve.

Tour bookings are essential and can be made online
www.bluesforthebush.org.au

THE GOOD LIFE: THE BUTCHER, THE BAKER, THE CANDLESTICK MAKER

Celebrate fine local foods – we are delighted to welcome you to our 'Good-Life' Food tents, home to sourdough baking, sausage making and butchering.

Join queen of the dough, Yoke Mardewi of Wild Sourdough, who will guide participants through the steps involved in creating and baking this wholesome bread, using both the traditional method and a thermomix). Yoke will also explain how technique and fermentation plays a pivotal role in releasing nutrients from grain.

A butchery demonstration aims at showcasing products made from an entire carcass. Aimed at meat producers, home cooks and connoisseurs, this butcher-led workshop shows how to create wonderful, preservative-free products while minimising wastage.

'Home and Hearth' is the title of our central workshop hub where you can try your hand at blending perfumed oils, make body scrubs and candles as well as doing your very own bush flower arrangements – so by the event's end you will go home with a cornucopia of goodies!

Katrina Snowden of Peaches and Clean will have guests sampling home apothecary techniques while Rebecca Const of Fox and Rabbit will lead participants in the art of flower arranging.

With numbers limited, we encourage you to book early online
www.bluesforthebush.org.au

CHILDREN'S ACTIVITIES

Enchanted fairies, circus folk and artists will host a play space jam-packed with free activates and workshops for young and the young at heart.

Turn your granddad into a fairy and then learn how to climb a circus rope, spin a hula hoop, make and fly kites, 'up-cycle' rubbish into cool stuff and bounce to your heart's content on our inflatable castles.

Family entertainment includes performances from international acts the Chipolatas and aerial enchantress Theaker Von Ziamo as well as regional super stars from Gascoyne Circus and Paint Storm.

Teenagers looking for somewhere to hang out with friends can drop into the Youth Tent where the youth of Morawa and Paremjori will be running some fun and entertaining activities.

Dress up and take a few snaps in our photo booth, get crafty and design some badges with our badge maker, or even sign out a disposable camera and be an 'event photographer' for the day. We will have comfy beanbags and cool music so that you can sit back and enjoy the afternoon.

BUSH TEA AND A YARN?

What better way to get a taste of local bush hospitality than over a cuppa and cake while enjoying some bush poetry, quirky yarns and tall tales delivered courtesy of the WA Bush Poets and Yarn Spinners Association?

Bush Heritage Australia and Mount Gibson Iron present the Big Bush Tea, which will include homemade delicacies thanks to the North Midlands Agricultural Society. So join us and be welcomed, be entertained and be at home in the bush.

MEET THE MUSICIANS

Join some of our very talented concert performers for two creative and hands on musical workshops. Whether you are a budding performer or seasoned singer-songwriter, these workshops can be enjoyed by all.

Cara Robinson, of our headlining duo Hat Fitz & Cara, will lead workshop participants in establishing the writing techniques behind taking a simple idea from the beginning to the end of the song process, demonstrating how one inspired idea can grow from a story into a song. There will be demonstrations of vocals and guitar and how the two can combine, with the story of the words being the thread that pulls it all together.

The second musical workshop is being hosted by The Yearlings and Sara Tindley. Join them in an interactive workshop to experience their process of developing a song. They will work with the participants through some writing exercises that will form the raw material for a song that the workshop participants will write as a group. There is no experience necessary and participants of all ages are invited to join the class.

The song the group writes will be performed by Sara Tindley and The Yearlings as the opening to their set later at the concert.

Places are limited for these workshops so register online
www.bluesforthebush.org.au

BLUES FOR THE BUSH CONCERT

4PM-MIDNIGHT

A heart-pumping, foot-stomping night of rollicking music under the stars.

We have scoured the country for a stellar line up of talented, original blues and roots acts to cap off the day's festivities. Each act brings its unique musical style to our special patch of bush for what promises to be a night to remember under the stars at the beautiful Charles Darwin Reserve.

Bring friends, bring family, bring your dancing boots and your stamina – you are going to need it!
We are proud to present the 2014 Blues for the Bush Line-up:

JUNIOR BOWLES AND BAND (WA)

THE YEARLINGS FEATURING SARA TINDLEY (SA)

CHRIS RUSSELL'S CHICKEN WALK (VIC)

HAT FITZ & CARA (QLD)

The music will be complemented by amazing aerial displays by the Blues for the Bush's very own Creative Director, Theaker Von Ziamo and the amazing Gascoyne Circus crew. Children will be entertained by our roving bush fairies and Phil Doncon's 'Paint Storm' performance will add a flash of colour to the dusk sky.

TICKETS ARE ON SALE NOW

\$50 ADULTS
\$15 CHILDREN

TICKETS ARE AVAILABLE THROUGH OUR WEBSITE
BLUESFORTHEBUSH.ORG.AU

Free spacious overnight camping facilities with ablution blocks are available for ticket holders.

A fully licensed and well-priced bar with a selection of beer, WA wine and spirits will be available at the concert. The bar will be managed by the Perenjori Carnamah Football Club with all profits being reinvested in the community so please support this by leaving alcohol at home.

A range of quality food options will be available to purchase on Saturday and Sunday morning, however, you are welcome to pack a picnic.

No fires or BBQs with open flames please.

For those non-campers, a courtesy shuttle bus will be running between Charles Darwin Reserve and Perenjori at designated times during the event.

Tickets are strictly limited; last year was a sell-out so book now and don't risk missing out.

∞ Lessons to Remember ∞

Lesson 1

A sales rep, an administration clerk, and the manager are walking to lunch when they find an antique oil lamp.

They rub it and a Genie comes out. The Genie says, 'I'll give each of you just one wish.'

'Me first! Me first!' says the admin clerk.. 'I want to be in the Bahamas , driving a speedboat, without a care in the world.' Poof! She's gone.

'Me next! Me next!' says the sales rep. 'I want to be in Hawaii , relaxing on the beach with my personal masseuse, an endless supply of Pina Coladas, and the love of my life.' Poof! He's gone.

'OK, you're up,' the Genie says to the manager. The manager says, 'I want those two back in the office after lunch.'

Moral of the story:

Always let your boss have the first say.

Lesson 2

An eagle was sitting on a tree resting, doing nothing.

A small rabbit saw the eagle and asked him, 'Can I also sit like you and do nothing?' The eagle answered: 'Sure, why not.'

So, the rabbit sat on the ground below the eagle and rested. All of a sudden, a fox appeared, jumped on the rabbit and ate it.

Moral of the story:

To be sitting and doing nothing, you must be sitting very, very high up.

Lesson 3

A turkey was chatting with a bull. 'I would love to be able to get to the top of that tree' sighed the turkey, 'but I haven't got the energy.'

'Well, why don't you nibble on some of my droppings?' replied the bull.. It's full of nutrients.'

The turkey pecked at a lump of dung, and found it actually gave him enough strength to reach the lowest branch of the tree..

The next day, after eating some more dung, he reached the second branch..

Finally after a fourth night, the turkey was proudly perched at the top of the tree.

He was promptly spotted by a farmer, who shot him out of the tree.

Moral of the story:

Bull Crap might get you to the top, but it won't keep you there...

Lesson 4

A little bird was flying south for the winter. It was so cold the bird froze and fell to the ground into a large field.

While he was lying there, a cow came by and dropped some dung on him.

As the frozen bird lay there in the pile of cow dung, he began to realize how warm he was.

The dung was actually thawing him out!

He lay there all warm and happy, and soon began to sing for joy. A passing cat heard the bird singing and came to investigate.

Following the sound, the cat discovered the bird under the pile of cow dung, and promptly dug him out and ate him.

Moral of the story:

(1) Not everyone who craps on you is your enemy.

(2) Not everyone who gets you out of crap is your friend.

(3) And when you're in deep crap, it's best to keep your mouth shut!

Landscape grants open in Durack

22 September 2014

Landscape and other community groups in Durack will be able to access a helping hand with the launch of the 25th Anniversary Landcare Grants 2014-15 as part of the Australian Government's National Landcare Programme, Melissa Price, Federal Member for Durack said today.

"The grant round is a fitting way to commemorate the twenty fifth anniversary by supporting the carers at what they do best – caring for the land," Ms Price said.

"Interested groups can apply for up to \$20,000 from a competitive pool of \$3 million nationally, for projects that are local in nature.

"The grant round is designed to support local landcare projects as well as local natural resource management groups to help protect their local environment.

"This means that Indigenous communities, farmers, fishers and other land and sea managers in Durack, from the Kimberley to the Wheatbelt, could look at getting involved and make an application," Ms Price said.

Ms Price reconfirmed the Australian Government's commitment to ensuring 20 per cent of Australian Government investment made through the regional natural resource management organisations will be directed towards local projects and activities that are delivered by the community, under the National Landcare Programme's regional stream.

"Essentially funding will be available on an annual basis to farmers, landcare and community groups in Durack so that they can continue with important on-ground works in their local communities," Ms Price said.

The funding round opened on 19 September and closes on 20 October 2014.

Making every bird count this Spring

- National Bird Week 2014 runs from 20 to 26 October
- First-ever Aussie Backyard Bird Count with specially designed Bird Count app
- Australia's top 10 favourite birds among those to be counted

The usual backyard barbecues, cricket matches and sprinkler soakings will be put on hold this October when Australians, gathering in their backyards, local parks, school playgrounds and favourite green patches, take part in the first-ever annual Aussie Backyard Bird Count.

From 20-26 October 2014, during national Bird Week, thousands of Australians will be found in backyards of all shapes and sizes spotting their local birds and discovering how they are coping in the spaces we share.

The Aussie Backyard Bird Count is for anyone who loves birds. The specially designed Bird Count app, featuring 400 Australian bird species, makes it easy to count all the birds in your favourite patch.

The goal for the week is for Australian bird counters to spot a total of 100,000 birds, providing BirdLife Australia with important data to form a more detailed picture of the current state of Australian birdlife.

Sean Dooley, editor of Australian Birdlife magazine says this is an exciting citizen science project which will allow people from across the country to see first hand the incredible diversity of birds we have in our backyards.

"We are so lucky to share our backyards with a large number of amazing birds," Dooley says.

"Every Australian has their own unique experience with their local birds and for the first time the Aussie Backyard Bird Count will give bird lovers a wonderful overview of the numbers of birds in different parts of the country."

Australia's favourite bird from the national poll held during last year's Bird Week, the Superb Fairy-wren, will be among the birds counted in October along with the Australian Magpie, Hooded Plover, Rainbow Lorikeet and Laughing Kookaburra making up the top five.

The week-long count will take place from 20-26 October with the official Bird Count app available from www.aussiebirdcount.org.au in early October.

This first-ever Aussie Backyard Bird Count forms part of the national celebrations for Bird Week 2014, with bird-focused events taking place across the country including art shows, bird walks, camps, and breakfasts with the birds.

Australians have been celebrating National Bird Week for more than 100 years and with Spring the peak nesting and breeding season for many of Australia's favourite birds, it's the perfect time to see them in action and learn more about how we can help them.

Projects in North West Central Electorate to Share in \$1.6m Heritage Conservation Grants

Member for North West Central, Vince Catania was pleased with the announcement today that the Shire's of Carnarvon and Mount Magnet are to benefit from some Lotterywest grants announced today to support heritage conservation in WA.

The grants will provide for urgent conservation work on places and objects of significant heritage value.

Vince said the grants for projects in Carnarvon and Mount Magnet would ensure heritage icons were conserved for future generations.

The shire of Carnarvon will receive \$30,676 towards restoration works to conserve the Overseas Telecommunications Commission (OTC) Satellite Earth Station which played a significant role in the NASA's Apollo Moon project in the 1960s and early 70s and the Shire of Mount Magnet will receive \$85,600 towards building works to conserve the Rural Transaction Centre.

"WA's regions in my electorate of North West Central are steeped in history. To be able to preserve these iconic building and sites not only pays tribute to those that helped build them, but ensures their legacy lives on through future generations and visitors to the area." Vince said.

"Through interpretation of historical stories, people are able to better understand the contribution now-heritage sites made to the area in the past."

A variety of places and objects that have shaped West Australian culture, including space equipment and war memorials, will benefit from grants to support heritage conservation.

Twenty-nine of the total 36 grants will go towards local governments and community organisations for urgent works on projects in regional WA.

Vince said grant support would help keep heritage sites across WA safe, accessible community assets.

To find out how to apply for Lotterywest Conservation and Cultural Heritage grants or for more information visit www.lotterywest.wa.gov.au

Christmas in a Shoebox

This year is coming to an end, and you probably already thinking about how you will celebrate Christmas. Of course, the kids will soon write to Santa Claus and are hoping for lots of special presents. But have you actually thought about the kids around the world who are too poor to celebrate Christmas?

Well I tell you there is the chance to make some more children smile.

With the Operation Christmas Child, you can send a box of 6 things to light up the world of a child in need. It is a brilliant idea to feel good by helping others and get involved and having fun by packing all the special treats you choose.

An Operation Christmas Child shoebox is more than a gift, it opens up a world of life-changing opportunities for the child, their family and their community. No matter how old or young you are, pack a shoebox this year for a child who has nothing.

So please help me to get some boxes together!

...see on the next page how it works.

Thank you for your help ☺

Anna Ullrich

For more information please visit the Website: <http://operationchristmaschild.org.au>

How to pack your Box:

- Find a box: please use a box no larger than 30cmx21cmx12cm(an A4 piece of paper x 12cm high)
- Choose a gender & age: Is it for a boy or a girl? You will find the labels on the bottom of the page to stick on your wrapped and finished box.
- Fill your box with all your special treats.
- \$9 donation and to follow Your Box to the destination country with a shoebox tracking system.
- Drop Off your box at the **Deadline is the 23.October**
Please leave your address and I will send you your tracking code.

Vision

“ To improve the physical, emotional and social health and well-being of men in the Midwest region, thereby improving the welfare of the wider community.”

Mission

“ To provide an appropriate service in the Midwest region that responds to men’s needs and empowers them to achieve positive gains in health, welfare and quality of life.”

At the Botanic walk opening at the Shire of Murchison we had Glen Fleeton from Rural Communities Midwest Men's Health visit us. Some of you got the chance to speak with Glen and he went away with a pretty good understanding of the challenges that pastoralists face in the outback. Glen left some material re Men's Health at the Shire Office so if you are coming into the Settlement please come and pick up some reading and support material.

The Camp Quality WesCarpade is a fun outback motoring adventure that takes place in August each year. It is an important annual fund raising event which provides Camp Quality with valuable funds to provide hope and happiness to children and their families living with cancer.

WesCarpade participants navigate the road for seven days in vehicles that are at least 20 years old.

On Sunday 3rd August the team came through Yallalong from Kalbarri and then travelled onto Ballythunna where they had dinner and stayed the night with hosts Sam & Deb Stewart. The next day they went onto Glenburgh to continue their trip north to Dampier. There were approx. 25 cars and 80 people travelling with the event

Apparently the bone head award went to someone driving a 1927 Chevy.

The story being told is that he went over a hill that fast that he was airborne and lost all his gear off the back. He was then in that much of a hurry to turn around and pick it all up before he was seen by anyone that he ran over a bush and wrecked his radiator. I bet that copped a decent fine.

Community Event 24th August

Beyond Gardens Presentation

Opening of Botanical Walk

The official opening of the upgrade of the Murchison Rangelands Botanical walk was held on Sunday 24th August . This was followed by a BBQ lunch at the sport club, and then a special presentation from the Beyond Gardens team. It was a lovely sunny day and we had a good turn out for the official ceremony and ribbon cutting with many past residents turning up to share the day.

Map showing new Botanical Walk

It was in early 2012 with the assistance of Kaz Collins that the Murchison Museum committee applied for the grant to upgrade our Botanical walk . The Walk was in a very poor state after years of drought followed by floods.

After being advised that the grant was successful the wheels were then set in motion to start planning the work ahead. Busy bees were organised over several weekends with a fantastic turn up of helping hands. Gabion seats were constructed and filled with local rocks collected by Chris Graham and Carol McTaggart . Slate was collected and the names of the local flora was then beautifully hand painted by Jano Foulkes-Taylor. Steve Goodbourn showed off his welding skills by making several metal sculptures in the form of an eagle, a termite and a large leaf. He also made the stands that hold the slate bearing the hand painted names of the various plants along the walk trail. Trevor Hipper made light work of the spreading of gravel with his bobcat. Kiera and Josh Foster with the help of Meg Officer who provided information and photo's of local plants, created our new Murchison Rangelands Botanical Walk brochure.

Many people freely provided their time and skills to re-establish the Botanical Walk so if you are passing through then why not take a break , go for a stroll and have a look for yourself.
