

## 2022-2023 FIRE BREAK NOTICE

**Restricted burning period is operational in the Shire of Murchison from**

**1<sup>st</sup> October 2022 to 30<sup>th</sup> April 2023**

### **HAZARD REDUCTION WORK – Bush Fires Act 1954**

As a measure to assist in the control of bushfires or prevent the spread of a bush fire, all owners or occupiers of land within the Shire of Murchison are required to install and maintain firebreaks.

### **Pastoral/Rural Areas**

Three-metre-wide trafficable firebreaks are required to be installed on the land and to be clear of all flammable material. All buildings require a minimum twenty metre clearance of all flammable material and graded/ploughed/hoed or chemical applied firebreaks should be installed at the outer edge of that clearance.

### **Fuel Dumps (Fuel Storage)**

On all land where fuel storage areas are located and where fuel dumps, whether containing fuel or not are stored, clear and maintain an additional firebreak at least four metres wide around any drum, ramp or stack of drums.

### **Advice Is Available**

Advice on how to protect your home and family from fire, and when and how to burn off, is available from the Chief Bush Fire Control Officer (CEO) or Community Emergency Services Manager (CESM).

### **Barbecues & Incinerators**

Gas and electrical barbecues are permitted to be used at any time. Solid fuel barbecues, incinerators and campfires are prohibited on days of HIGH or above Fire Danger and during the PROHIBITED burning period.

### **Burning Off**

Burning is prohibited on days of HIGH or ABOVE Fire Danger. Permits are required during the PROHIBITED burning period. A permit can be gained from the Shire Office. A permit is invalid on days of HIGH or ABOVE.

### **FIRE DANGER**

Information on Fire Danger Ratings is available at [www.emergency.wa.gov.au](http://www.emergency.wa.gov.au)

The ABC radio also issues information and alerts for your area.

## **BUSH FIRE CONTROL CONTACT DETAILS**

Please note, that under the Bush Fires Act 1954, it is the land owner's responsibility in the first instance to take all possible measures to extinguish a bush fire on your property.

If these measures prove in vain and you require assistance, contact your nearest Bush Fire Control Officer or the Shire Office.
