I am a resident of the Murchison Settlement and have been part of the community for 5 years. I live in the settlement with my partner who is the local mechanic, and I am a busy mum of 2 young boys.

I am very passionate about our Murchison region, and I have a strong volunteering involvement in our community, holding positions in multiple clubs and organizations.

I would like to be a part of the region's future growth and decisions in education, health, people's wellbeing, tourism and heritage, culture, roads and infrastructure.

I am approachable, always willing to listen, and I look forward to being a representative for the Murchison Community.
