It's been a privilege to represent our community as a councillor for the Murchison Shire since 2015 and I very much hope to continue in this role for the next election cycle.

I have been an active and engaged councillor and have taken on many extra curricular roles representing council such as Chair of the Murchison Georegion and WALGA zone representative.

As a board member of the Mid West Development Commission I bring knowledge of regional issues to council.

I am a founding member of the Murchison Camp Oven Muster working group, treasurer of Murchison Arts Council and President of the Murchison Museum.

The best interests of our community are always my priority when making decisions and planning for the future.
