Compilation Report

To the Council

Shire of Murchison

Scope

We have compiled the accompanying special purpose financial statements.

The specific purpose for which the special purpose financial report has been prepared is to provide information relating to the financial performance and financial position of the Shire that satisfies the information needs of the Council and the *Local Government Act 1995* and associated regulations.

The responsibility of the Shire

The Shire is solely responsible for the information contained in the special purpose financial report and have determined that the accounting policies used are consistent and are appropriate to satisfy the requirements of the Council and the *Local Government Act 1995* and associated regulations.

Our responsibility

On the basis of information provided by the Shire, we have compiled the accompanying special purpose financial statements in accordance with the significant accounting policies adopted as set out in Note 1 to the financial statements and APES 315: Compilation of Financial Information.

Our procedures use accounting expertise to collect, classify and summarise the financial information, which the Management provided, into a financial report. Our procedures do not include any verification or validation procedures. No audit or review has been performed and accordingly no assurance is expressed.

To the extent permitted by law, we do not accept liability for any loss or damage which any person, other than the Shire of Murchison, may suffer arising from negligence on our part.

This report was prepared for the benefit of the Council of the Shire of Murchison and the purpose identified above. We do not accept responsibility to any other person for the content of the report.

SHIRE OF MURCHISON**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY****For the Period Ending 28 February 2023****1. SIGNIFICANT ACCOUNTING POLICIES**

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996 Regulation 34*.

The material variance adopted by the Shire of Murchison for the 2022/23 year is \$10,000 or 10%, whichever is greater. Items considered to be of material variance are disclosed in Note 2.

The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation. The preparation also requires management to make judgements, estimates and assumptions which effect the application of policies and the reported amounts in the statements and notes. These estimated figures are based on historical experience or other factors believed to be reasonable under the circumstances. Therefore, the actual results may differ from these reported amounts.

Actual and Budget comparatives are presented in year to date format unless otherwise stated. The Adopted Budget is used in the report until superseded by the Budget Review.

Preparation

Prepared by: Bertus Lochner
 Reviewed by: Travis Bate
 Date prepared: 21 Mar 23

(a) Basis of Preparation

The following financial statements are special purpose financial statements that have been prepared in accordance with the Australian Accounting Standards, Authoritative Interpretations, the *Local Government Act 1995*, and regulations, within the context in which they relate to local governments and not-for-profit entities.

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996 Regulation 34*.

With the exception of the cash flow statement and rate setting information, the following report has been prepared on an accrual basis with balances measured at historical cost unless subject to fair value adjustments. Items subject to fair value adjustments include certain non-current assets, financial assets, and financial liabilities. Items such as assets, liabilities, equity, income and expenses have been recognised in accordance with the definitions and recognition criteria set out in the Framework for the Preparation and Presentation of Financial Statements.

These financial statements comply with, and supersede, the Australian Accounting Standards with the *Local Government (Financial Management) Regulations 1996* where applicable. Further information is provided in Note 1(i).

The functional and presentation currency of the report is Australian dollars.

(b) The Local Government Reporting Entity

The Australian Accounting Standards define local government as a reporting entity which can be a single entity or a group comprising a parent and all its subsidiaries. All funds controlled by the Shire in order to provide its services have formed part of the following report. Transactions and balances related to these controlled funds, such as transfers to and from reserves, were eliminated during the preparation of the report.

Funds held in Trust, which are controlled but not owned by the Shire, do not form part of the financial statements. Further information on the Shire funds in Trust are provided in Note 5.

(c) Rounding of Amounts

The Shire is an entity to which the *Local Government (Financial Management) Regulations 1996* applies and, accordingly amounts in the financial report have been rounded to the dollar except for amounts shown as a rate in the dollar. Where total assets exceed \$10,000,000 in the prior audited annual financial report, the amounts may be rounded to the nearest \$1,000.

SHIRE OF MURCHISON**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY****For the Period Ending 28 February 2023****1. SIGNIFICANT ACCOUNTING POLICIES (Continued)****(d) Goods and Services Tax (GST)**

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST where applicable.

(e) Cash and Cash Equivalents

Cash and cash equivalents normally include cash on hand, bonds and deposits, overdrafts, excess rates, unspent grant funds, on call deposits and term deposits with maturities equal to or less than three months. Cash and cash equivalents are typically characterised as highly liquid investments with little risk of experiencing material changes in value. Further information is provided in Note 1(f).

(f) Financial Instruments**Other financial assets at amortised cost**

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers but also incorporate other types of contractual monetary assets.

After initial recognition these are measured at amortised cost using the effective interest method, less provision for impairment. Any change in their value is recognised in the statement of comprehensive income.

In some circumstances, the Shire renegotiates repayment terms with customers which may lead to changes in the timing of the payments, the Shire does not necessarily consider the balance to be impaired, however assessment is made on a case-by-case basis.

SHIRE OF MURCHISON

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY

For the Period Ending 28 February 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Financial Instruments (Continued)

Impairment of Financial Assets

At the end of the annual reporting period the Shire assesses whether there is any objective evidence that a financial asset or group of financial assets is impaired.

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial assets original effective interest rate.

Impairment of loans and receivables are reduced through the use of an allowance account, all other impairment losses on financial assets at amortised cost are taken directly to the asset. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

(g) Inventories

General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs related to completion and its sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed. Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point. Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(h) Fixed Assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluations at the next anniversary date in accordance with the mandatory measurement framework.

SHIRE OF MURCHISON
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ending 28 February 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Fixed Assets (Continued)

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under roads

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, are treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost.

(i) Depreciation of Non-current Assets

Fixed assets, excluding freehold land, are depreciated on a straight-line basis over the asset's useful life to the Shire, commencing when the asset is ready for use. The estimated useful lives used for each class of depreciable asset are shown below in years:

Asset Class	Useful life
Buildings & Improvements	7 to 90 years
Furniture and equipment	3 to 25 years
Plant and equipment	5 to 20 years
Sealed roads and streets	
formation	not depreciated
pavement	12 years
seal	10 years
- bituminous seals	20 years
- asphalt surfaces	25 years
Gravel roads	
formation	not depreciated
pavement	45 years
Footpaths	10 years
Culverts	60 years
Signs	20 years
Stock Grids	80 years
Floodways	21 years
Water supply piping and drainage systems	75 years
Bridges	80 years

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

Land Under Local Government Control

Regulation 16 in the *Local Government (Financial Management) Regulations 1996* prohibits certain assets to be included in the financial report of a local government and require other assets to be included. The regulation therefore supersedes the reporting requirements of AASB 1051 *Land Under Roads (p.15)* and AASB 116 *Property, Plant and Equipment (p.7)*

SHIRE OF MURCHISON**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY****For the Period Ending 28 February 2023****1. SIGNIFICANT ACCOUNTING POLICIES (Continued)****(j) Trade and Other Payables**

Trade and other payables are unpaid current liabilities owed for goods and services provided to the Shire prior to the end of the financial year. The amounts are unsecured and are normally paid within 30 days of recognition.

(k) Employee Benefits

Provision is made for the Shire's liability for employee benefits arising from services rendered by employees to the end of the annual reporting period. Employee benefits that are expected to be wholly settled within one year are measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on 10 year Australia Government Bonds. Changes in the measurement of the liability are recognised in the statement of comprehensive income.

(l) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. Subsequent measurement is at amortised cost using the effective interest method. The annual government guarantee fee is expensed in the year incurred.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. All other borrowing costs are recognised as an expense in the period in which they are incurred.

(m) Provisions

Provisions are recognised when: The Shire has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(n) Contract Liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

(o) Current and Non-current Classification

The report classifies current and non-current balances as defined by the *Local Government (Financial Management) Regulations 1996*, AASB 101 *Presentation of Financial Statements*, or by another applicable regulation or interpretation.

(p) Nature or Type Classifications**Rates**

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges.

Operating Grants, Subsidies and Contributions

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

SHIRE OF MURCHISON**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY****For the Period Ending 28 February 2023****1. SIGNIFICANT ACCOUNTING POLICIES (Continued)****(p) Nature or Type Classifications (Continued)****Non-operating Grants, Subsidies and Contributions**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Profit on Asset Disposal

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

Fees and Charges

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Service Charges

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Excluding rubbish removal charges, interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Other Revenue / Income

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

Employee Costs

All costs associated with the employment of a person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Materials and Contracts

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

Utilities (Gas, Electricity, Water, etc.)

Expenditures made to the respective agencies for the provision of power, gas, water and communication expenses. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

Loss on Asset Disposal

Loss on the disposal of fixed assets.

Depreciation on Non-current Assets

Depreciation expense raised on all classes of assets.

Interest Expenses

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Other Expenditure

Statutory fees, taxes, provision for bad debts, member's fees or State taxes, donations and subsidies made to community groups.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY

For the Period Ending 28 February 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(q) Program Classifications (Function / Activity)

Council operations as disclosed in these financial statements encompass the following service orientated activities/programs.

GOVERNANCE

Administration and operation of facilities and services to members of Council. Other costs that relate to the task of assisting elected members and electors on matters which do not concern specific Council services.

GENERAL PURPOSE FUNDING

Rates, general purpose government grants and interest revenue.

LAW, ORDER AND PUBLIC SAFETY

Supervision of various by-laws, fire prevention and animal control.

HEALTH

Monitor health control standards within the community, provide support and assistance with airstrips to enable all residents access to the Royal Flying Doctor for regular and emergency health services.

EDUCATION AND WELFARE

Support of education facilities within the Shire and of any external resources necessary to assist with education programmes for all residents.

HOUSING

Provision and maintenance of staff housing.

COMMUNITY AMENITIES

Maintain a refuse site for the settlement.

RECREATION AND CULTURE

Provide a library and museum and operation thereof. Maintain recreation centre, sports field, parks, gardens and other recreational facilities.

TRANSPORT

Construction and maintenance of roads, drainage works and traffic signs. Maintenance of the settlement airstrip.

ECONOMIC SERVICES

Building control, provision of power and water supplies. Supply and maintenance of television re-broadcasting installation. Provision of radio communication. Maintenance of caravan park. Vermin control and area promotion.

OTHER PROPERTY AND SERVICES

Private works operations, plant repairs and operation costs.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Revenue Recognition Policy

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns / Refunds / Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	None	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Service charges	Charge for specific service	Over time	Payment dates adopted by Council during the year	Refund in event monies are unspent	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants with no contract commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	Set by State legislation or limited by legislation to the cost of provision	Based on timing of issue of the associated rights	No refunds	On payment and issue of the licence, registration or approval
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	Set by State legislation	Apportioned equally across the inspection cycle	No refunds	After inspection complete based on a 4 year cycle

2. EXPLANATION OF MATERIAL VARIANCES

Variances which have exceeded the thresholds are listed below by Program. Significant variances within the Program are listed underneath it by Nature or Type.

The material variance adopted by Council for the 2022/23 year is \$10,000 and 10%.

Nature or Type Operating Revenues	Var \$	Var %	Var	Timing / Permanent	Explanation of Variance
Operating Grants, Subsidies and Contributions	(10,520,691)	(73%)	▼	Timing	Relates mainly to budget on flood damage, timing issue only. Refer note 12 for more detail.
Interest Earnings	18,046	61%	▲	Timing	Interest earnings on term deposit with reinvestment in Feb.
Other Revenue	75,056	40%	▲	Timing	Roadhouse sales exceeding budget by \$52,437
Non Operating Grants, Subsidies and Contributions	(745,775)	(58%)	▼	Timing	MRWA specific grant received \$372,000, offset by budget profile of other grants. Refer to Note 12 for detail.

Operating Expense

Employee Costs	(146,169)	(17%)	▼	Timing	Vacancies first part of financial year lead to lower staff cost.
Materials and contracts	4,664,923	43%	▲	Timing	Primarily related to timing of Flood Damage works.
Depreciation on Non-current Assets	2,346,648	100%	▲	Timing	Depreciation to be affected once 2022 audit finalised.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the Local Government Act 1995 and accompanying regulations. The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as an asset Crown Land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and

With the exception of the cash flow statement and rate setting information, the following report has been prepared on an accrual basis with balances measured at historical cost unless subject to fair value adjustments. Items subject to fair value adjustments include certain non-current assets, financial assets, and financial liabilities. Items such as assets, liabilities, equity, income and expenses have been recognised in accordance with the definitions and recognition criteria set out in the Framework for the Preparation and Presentation of Financial Statements.

(b) The Local Government Reporting Entity

The Australian Accounting Standards define local government as a reporting entity which can be a single entity or a group comprising a parent and all its subsidiaries. All funds controlled by the Shire in order to provide its services have formed part of the following report. Transactions and balances related to these controlled funds, such as transfers to and from reserves, were eliminated during the preparation of the report.

Funds held in Trust, which are controlled but not owned by the Shire, do not form part of the financial statements.

(c) Rounding of Amounts

The Shire is an entity to which the *Local Government (Financial Management) Regulations 1996* applies and, accordingly amounts in the financial report have been rounded to the dollar except for amounts shown as a rate in the dollar. Where total assets exceed \$10,000,000 in the prior audited annual financial report, the amounts may be rounded to the nearest \$1,000.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST where applicable.

(e) Cash and Cash Equivalents

Cash and cash equivalents normally include cash on hand, bonds and deposits, overdrafts, excess rates, unspent grant funds, on call deposits and term deposits with maturities equal to or less than three months. Cash and cash equivalents are typically characterised as highly liquid investments with little risk of experiencing material changes in value. Further information is provided in Note 1(f).

(f) Financial Instruments

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers but also incorporate other types of contractual monetary assets.

After initial recognition these are measured at amortised cost using the effective interest method, less provision for impairment. Any change in their value is recognised in the statement of comprehensive income.

In some circumstances, the Shire renegotiates repayment terms with customers which may lead to changes in the timing of the payments, the Shire does not necessarily consider the balance to be impaired, however assessment is made on a case-by-case basis.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)
(f) Financial Instruments (Continued)

Impairment of Financial Assets

At the end of the annual reporting period the Shire assesses whether there is any objective evidence that a financial asset or group of financial assets is impaired.

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial assets original effective interest rate.

Impairment of loans and receivables are reduced through the use of an allowance account, all other impairment losses on financial assets at amortised cost are taken directly to the asset. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

(g) Inventories

General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs related to completion and its sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed. Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point. Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(h) Fixed Assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluations at the next anniversary date in accordance with the mandatory measurement framework.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)
(n) Fixed Assets (Continued)

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under roads

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, are treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost.

(i) Depreciation of Non-current Assets

Fixed assets, excluding freehold land, are depreciated on a straight-line basis over the asset's useful life to the Shire, commencing when the asset is ready for use. The estimated useful lives used for each class of depreciable asset are shown below in years:

Asset Class	Useful life
Buildings & Improvements	7 to 90 years
Furniture and equipment	3 to 25 years
Plant and equipment	5 to 20 years
Sealed roads and streets	
formation	not depreciated
pavement	12 years
seal	10 years
- bituminous seals	20 years
- asphalt surfaces	25 years
Gravel roads	
formation	not depreciated
pavement	45 years
Footpaths	10 years
Culverts	60 years
Signs	20 years
Stock Grids	80 years
Floodways	21 years
Water supply piping and drainage systems	75 years
Bridges	80 years

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Fixed Assets (Continued)

Land Under Local Government Control

Regulation 16 in the *Local Government (Financial Management) Regulations 1996* prohibits certain assets to be included in the financial report of a local government and require other assets to be included. The regulation therefore supersedes the reporting requirements of AASB 1051 *Land Under Roads* (p.15) and AASB 116 *Property, Plant and Equipment* (p.7)

(j) Trade and Other Payables

Trade and other payables are unpaid current liabilities owed for goods and services provided to the Shire prior to the end of the financial year. The amounts are unsecured and are normally paid within 30 days of recognition.

(k) Employee Benefits

Provision is made for the Shire's liability for employee benefits arising from services rendered by employees to the end of the annual reporting period. Employee benefits that are expected to be wholly settled within one year are measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on 10 year Australia Government Bonds. Changes in the measurement of the liability are recognised in the statement of comprehensive income.

(l) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. Subsequent measurement is at amortised cost using the effective interest method. The annual government guarantee fee is expensed in the year incurred.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. All other borrowing costs are recognised as an expense in the period in which they are incurred.

(m) Provisions

Provisions are recognised when: The Shire has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(n) Contract Liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

(o) Current and Non-current Classification

The report classifies current and non-current balances as defined by the *Local Government (Financial Management) Regulations 1996*, AASB 101 *Presentation of Financial Statements*, or by another applicable regulation or interpretation.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Nature or Type Classifications

Rates

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges.

Operating Grants, Subsidies and Contributions

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

Non-operating Grants, Subsidies and Contributions

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Profit on Asset Disposal

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

Fees and Charges

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Service Charges

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Excluding rubbish removal charges, interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Other Revenue / Income

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

Employee Costs

All costs associated with the employment of a person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Materials and Contracts

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

Utilities (Gas, Electricity, Water, etc.)

Expenditures made to the respective agencies for the provision of power, gas, water and communication expenses. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

SHIRE OF MURCHISON
NOTES TO THE ANNUAL STATUTORY BUDGET REVIEW
For the Period Ending 30 June 2023

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Nature or Type Classifications (Continued)

Loss on Asset Disposal

Loss on the disposal of fixed assets.

Depreciation on Non-current Assets

Depreciation expense raised on all classes of assets.

Interest Expenses

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Other Expenditure

Statutory fees, taxes, provision for bad debts, member's fees or State taxes, donations and subsidies made to community groups.

(q) Program Classifications (Function / Activity)

Council operations as disclosed in these financial statements encompass the following service orientated activities/programs.

GOVERNANCE

Administration and operation of facilities and services to members of Council. Other costs that relate to the task of assisting elected members and electors on matters which do not concern specific Council services.

GENERAL PURPOSE FUNDING

Rates, general purpose government grants and interest revenue.

LAW, ORDER AND PUBLIC SAFETY

Supervision of various by-laws, fire prevention and animal control.

HEALTH

Monitor health control standards within the community, provide support and assistance with airstrips to enable all residents access to the Royal Flying Doctor for regular and emergency health services.

EDUCATION AND WELFARE

Support of education facilities within the Shire and of any external resources necessary to assist with education programmes for all residents.

HOUSING

Provision and maintenance of staff housing.

COMMUNITY AMENITIES

Maintain a refuse site for the settlement.

RECREATION AND CULTURE

Provide a library and museum and operation thereof. Maintain recreation centre, sports field, parks, gardens and other recreational facilities.

TRANSPORT

Construction and maintenance of roads, drainage works and traffic signs. Maintenance of the settlement airstrip.

ECONOMIC SERVICES

Building control, provision of power and water supplies. Supply and maintenance of television re-broadcasting installation. Provision of radio communication. Maintenance of caravan park. Vermin control and area promotion.

OTHER PROPERTY AND SERVICES

Private works operations, plant repairs and operation costs.

Objective of Reserves

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

Reserve Name	Date of Use	Purpose
Leave reserve	Ongoing	To be used to fund annual and long service leave requirements
Plant reserve	Ongoing	To be used for the purchase of plant
Buildings reserve	Ongoing	To be used for the construction/renovation of administration centre and Works Depot
Berrigarra - Cue road reserve	Ongoing	To be used to maintain the road in a post Jack Hills mine closure environment by converting the road from bitumen to gravel and performing other associated works as required.
CSIRO Berrigarra - Pindar road reserve	Ongoing	To be used to fund additional maintenance work required for CSIRO traffic
Flood damage repairs reserve	Ongoing	To be used towards the 'trigger point' for WANDRRA funded flood damage works
Settlement buildings and facilities	Ongoing	To be used to fund improvements to and maintenance of settlement buildings and facilities as well as new facilities
Asset rehabilitation reserve	Ongoing	To be used to fund works associated with rehabilitating Council's Infrastructure Assets

The reserves are not expected to be used within a set timeframe and further transfers to and from the reserve accounts are expected as funds are utilised

Hon John Carey MLA
Minister for Housing; Lands; Homelessness; Local Government

Our ref: 78-11008

3 February 2023

Dear Local Government Chief Executive Officers

MEMORANDUM TO CHIEF EXECUTIVE OFFICERS
ARRANGEMENTS FOR THE UPCOMING OCTOBER 2023 ORDINARY ELECTIONS

As you know, the State Government is continuing to work with the local government sector to deliver the most significant package of local government reforms in more than 25 years. These reforms include several measures to strengthen local democracy and increase community engagement, including new requirements for:

- the introduction of optional preferential voting for all local government elections;
- directly-elected Mayors and Presidents for all Band 1 and 2 local governments;
- the abolition of wards for all Band 3 and 4 local governments; and
- aligning the size of councils with the size of the population of each district.

In September 2022, I wrote to all local governments to outline the implications of the reforms for each council, and pathways for implementing required changes. Since then, the majority of impacted councils have been working to consider how best to transition in changes. Many councils have since completed Ward and Representation Reviews, while others will have more substantial changes implemented through reform elections, or minor changes made to apply by default.

I would like to acknowledge and thank local governments for the constructive and proactive way they have approached this forward planning.

Further to my previous letter, the State Government is continuing to work to implement election reforms ahead of the October 2023 Ordinary Elections. The reforms will introduce Optional Preferential Voting (OPV) for all local government elections. OPV is similar to preferential voting used in State and Federal Elections, and for local government elections in every other Australian state. OPV provides that electors can preference as many or as few candidates as they decide, and there will be no transfer of preferences other than the preferences electors mark on their ballot paper.

The reforms will also include related new changes for the backfilling of vacancies, including:

- in the event that a member of the council is directly elected as the Mayor or President, the consequent vacancy can be filled by the next highest-polling candidate through the relevant district or ward council election held on the same day;
- if a vacancy arises within one year of a council member being elected at an ordinary election, that vacancy may be filled by the next highest-polling candidate; and
- the timeframes for which certain vacancies can remain unfilled ahead of an upcoming ordinary election will also be extended.

Together, these reforms will greatly reduce the need for extraordinary elections, saving costs for ratepayers and administrative burden for local governments in the longer term.

However, these changes will require specific attention on election night, and returning officers will need to identify the candidates who are next in line to fill further vacancies for inclusion on the declaration of results. Accordingly, I am writing to encourage all local governments to commence early planning for the practical arrangements for the conduct of the October 2023 Ordinary Elections.

As you would know, the council may declare the Electoral Commissioner as responsible to conduct postal elections under sections 4.20 and 4.61 of the *Local Government Act 1995* (the Act). Section 4.28 of the Act further provides that the local government is to meet the costs incurred by the Western Australian Electoral Commission (WAEC) in conducting such elections.

Alternatively, if council decides that the CEO (or other appointee) is to be the returning officer, local governments will have the option to purchase a licence for access to the WAEC's CountWA software to facilitate the counting of votes. CountWA software is used to count votes in State Elections, and involves data entry of preferences indicated on ballot papers. This provides for preferences to be counted and re-counted using the software.

If a local government decides to license the software instead of appointing the Electoral Commissioner to conduct the election, the CEO (or other appointee) will remain wholly responsible for the conduct of the count, the use of the software, the introduction of the new OPV counting and backfilling provisions, and dealing with any disputes or complaints. The WAEC will only be able to provide general assistance on accessing and using the software.

The WAEC will shortly be writing to all local governments to provide information for each council. The WAEC can also provide further information on each of these options. Please contact Phil Richards, Manager Election Events on 9214 0443 or at Phillip.Richards@waec.wa.gov.au if you have any queries.

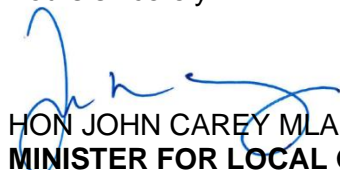

It is strongly recommended that the decision for whether to declare the Electoral Commissioner as responsible for your Ordinary Elections is put to Council at its March meeting. This will allow sufficient time for the WAEC to work with you to deliver the election, or provide you with a software licence, if preferred.

In considering potential arrangements, local governments should be mindful that the WAEC will require sufficient lead time to plan ahead. Accordingly, I strongly urge all local governments to make arrangements as early as possible, and consider the appointment of the WAEC to conduct the elections.

The Department of Local Government, Sport and Cultural Industries (DLGSC) is working closely with the WAEC to prepare further materials to assist local governments with the implementation of reforms. The DLGSC will provide further updates through LG Alerts to the sector and on the DLGSC's website. The DLGSC is also available to assist with any queries, including by email at lghotline@dlgsc.wa.gov.au or by phone on 1300 762 511.

I have also written a letter to the Mayor or President of your local government, which contains the same information as this memorandum. That letter should be received shortly.

Yours sincerely

HON JOHN CAREY MLA
MINISTER FOR LOCAL GOVERNMENT

LGE 028

Mr Bill Boehm
Chief Executive Officer
Shire of Murchison
PO Box 61
MULLEWA WA 6630

Dear Mr Boehm

Local Government Ordinary Election: 2023

I refer to your email of 17 March 2023 in which you request a cost estimate for the Shire of Murchison 2023 Local Government Election to be conducted as a postal election.

The estimated cost for the 2023 election if conducted as a postal ballot is \$11,000 inc GST, which has been based on the following assumptions:

- 80 electors
- response rate of approximately 60%
- 3 vacancies
- count to be conducted at the offices of the Shire of Murchison
- appointment of a local Returning Officer
- regular Australia Post delivery service to apply for the lodgement of the election packages.

An additional amount of \$20 will be incurred if your Council decides to opt for the Australia Post Priority Service for the lodgement of election packages.

The Commission is required by the *Local Government Act 1995* to conduct local government elections on a full cost recovery basis and you should note that this is an estimate only and may vary depending on a range of factors.

Costs not incorporated in this estimate include:

- any legal expenses other than those that are determined to be borne by the Western Australian Electoral Commission incurred as part of an invalidity complaint lodged with the Court of Disputed Returns
- the cost of any casual staff to assist the Returning Officer on election day or night
- any unanticipated costs arising from public health requirements for the COVID-19 pandemic.

As you are aware, the Government is currently considering reforms to the *Local Government Act 1995*, which include how elections are to be conducted. In order to assist with your local government's budget planning, we have included, to the best of our knowledge, costs that will arise from the changes proposed in legislation. These include increased costs from the Commission arising from improved processing procedures and additional resources to supplement the Commission's education, complaints management, investigation and legal efforts.

In order for the Commission to be responsible for the conduct of your election, the first step required by the *Local Government Act 1995* is my written agreement to undertake the election.

As such, you may take this letter as my agreement to be responsible for the conduct of the ordinary elections in 2023 for the Shire of Murchison in accordance with section 4.20(4) of the *Local Government Act 1995*, together with any other elections or polls that may also be required. My agreement is subject to the proviso that the Shire of Murchison also wishes to have the election undertaken by the Western Australian Electoral Commission as a postal election.

In order to achieve this, your council would need to pass the following two motions by absolute majority:

- Declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the 2023 ordinary elections together with any other elections or polls which may be required
- Decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a postal election.

It would be greatly appreciated if this item was considered at your March 2023 council meeting, to enable the Commission to have sufficient time to work with you to effectively conduct the election.

I look forward to conducting this election for the Shire of Murchison in anticipation of an affirmative vote by Council. If you have any further queries please contact Shani Wood Director, Election Operations on 9214 0400.

Yours sincerely

Robert Kennedy
ELECTORAL COMMISSIONER

17 March 2023

CountWA Software 2023 Local Government Ordinary Election

I refer to your email of 16th February 2023, where the Shire of Murchison requested a cost estimate to use the CountWA software package for the 2023 Local Government Ordinary Election should your Chief Executive Officer (or other appointee) be the Returning Officer.

As you may be aware, CountWA is a counting software that is used for computing the results of more complex counts and is used to count votes in State Elections. It involves data entry of preferences indicated on ballot papers into the software and then the software computes the results depending on the counting method required.

The Western Australia Electoral Commission (WAEC) can offer two options for local governments that don't declare the Electoral Commissioner responsible for the conduct of their election.

We recommend that for any local governments expecting more than 300 ballot papers, you consider utilising Option 2, as this will enable you to have multiple data entry operators. We also recommend Option 2 for those local Governments who do not have sufficient in-house IT support to undertake Option 1.

Option 1 - CountWA software and support only

1. This is a single computer installation of CountWA and is best suited to smaller counts where there is a single operator undertaking the role of supervisor and data entry operator. There is no ability to connect any other computer to CountWA or show progressive results whilst also data entering.
2. WAEC will provide:
 - a. Installation package for CountWA. This will be supplied on a suitable download link.
 - b. Technical support (during business hours on phone) prior to election day to assist with the installation and setup of CountWA (times will be advised)
 - c. Training materials and documentation related to CountWA.
 - d. Training of use of Count WA (via Teams).
 - e. Helpdesk support on Election Day from 10.00am to 10.00pm

3. The Local Government will:
 - a. Supply all equipment.
 - b. Have Windows 10 installed on the computer.
 - c. Need appropriate IT capacity to install and setup software on the computer.
4. The cost for Option 1 is \$5,300 (ex GST) per Local Government, plus additional costs for helpdesk support and couriers.

Option 2 - Complete CountWA installation, including all hardware and equipment.

1. This can be used for a range of count sizes, requiring two to 20 computers. It also allows results to be progressively displayed.
2. WAEC will provide:
 - a. Two or more pre-networked laptops with CountWA pre-installed. This package includes all IT equipment needed to run CountWA, including laptop, numeric keypads, networking equipment, extension cords, power boards, etc.
 - b. Printer and modem
 - c. Technical support (during business hours on phone) prior to election day to assist with the setup of CountWA (times will be advised)
 - d. Training materials and documentation related to CountWA
 - e. Training of use of CountWA (via Teams)
 - f. Helpdesk support on Election Day from 10.00am to 10.00pm
 - g. Secure transport of the CountWA equipment to/from the Local Government. The equipment will be sent to the Local Government 1-2 weeks prior to the election so that there is time to setup and test.
3. The Local Government will:
 - a. Be responsible for unpacking and setting up the IT equipment. Clear instructions will be provided by WAEC, and telephone support will be available.
 - b. Provide a suitable HDMI compatible digital projector or large screen, should they wish to display the progressive results on a large screen.
 - c. After the election, pack up all equipment and follow instructions provided by the WAEC for the return of all supplied equipment within 2 weeks after the election.
4. The cost for Option 2 is \$8,000 (ex GST) per Local Government. This includes software license, laptop (one), printer, networked modem, technical support (install), training and materials, WAEC administration support. Please note that:
 - a. There is an additional \$1000 as a bond which is refundable when equipment is returned and if there are no damages.
 - b. There is an additional cost of \$650 per additional laptop required for either data entry or progressive display.
 - c. The cost of helpdesk support, packaging and couriers are variable costs to be added when confirmed.

For both options above, whilst technical support is provided the WAEC accepts no liability for the result and cannot undertake any counting or other administrative assistance with the election.

To determine the total requirements required for the 2023 Local Government Ordinary Elections could you please advise WAEC which option you would be considering and if option 2 can you also indicate the number of laptops required. Local Governments that have indicated they require either option, will be supplied with the CountWA service and invoiced if their election proceeds past the close of nominations.

Please respond to:

Attention Daniel Smith, Project Assistant, LGE Governance and Integrity,
at lgelections@waec.wa.gov.au

Via Email: ceo@murchison.wa.gov.au

Dear Bill,

Request for Council Consideration

The Meekatharra School of The Air P & C Committee are currently in the planning stages of putting together our 2023 fundraising plans and would love if the Murchison Shire would consider supporting our school.

Meekatharra School of the Air (MSOTA) currently has 23 families enrolled, who are located all over Australia with the School now being operated out of Geraldton. It is such a fantastic service available to families from many walks of life, whether it be their isolated locations, travelling family situations or just the simple fact that some students are unfortunately, unable to attend the usual mainstream school.

The students are faced with great distances between them, but their willingness to learn and become part of a school community is bigger than ever! They get the opportunity to meet with their classmates online daily, home teacher visits and school camps to Geraldton, Perth & Canberra have also been arranged over the years for the children to get together. These occasions are always an absolute highlight for the students. Previous MSOTA P&C fundraising efforts have allowed us to partially fund families, so their children can attend these special events.

We are writing to you today to see if the Murchison Shire Council would consider donating to the Meekatharra School of the Air P&C. As our families are spread across many Shires of the Mid-West region, we will be approaching each Shire in search of their support.

I'm sure you can appreciate, fundraising isn't exactly easy for our school, as the families are spread so far apart, and we can't really utilize the option of a canteen in our situation!

We look forward to hearing from you, if you have any queries, please don't hesitate to contact myself.

Yours sincerely,

A handwritten signature in cursive script that reads 'Lauren Lewis'.
