Works Supervisor Report - November 2011

Construction Crew
Construction crew have completed spreading and rolling the section 25km north of the settlement. All that is required on this section is for it to be rubber tyre rolled. We will be picking up a hire roller from Coates on the 13th of December to finish off.

Whilst we have the hire roller will also roll the airstrip and the sections of the roads 25km north and 4 km north of the settlement. The road in front of the road house to the front of the office and from the road house to the workshop where the gravel was spread after winter will also be rolled.

Before roller returns to Geraldton we will do a second roll of the airstrip.

The construction crew have finished the grid at Pine Grove which involved formation and sealing. Two new grid wings have been replaced along with 30m of new fence.

Due to numerous bush fires there was a bit of an interruption to the work program for this month.

Murchison crew were involved in fighting fires in the following areas:

- Billabalong Station - Thursday night on 1st December a fire was reported to have started from lightening 28 km south of settlement (reported via phone call from Peter Jefferies at 7.30 and crew at fire by 8-8.30pm). People who attended the fire were Peter Jefferies and works crew from the shire consisting of Brian in ute and Ross and Trevor in 2.4 Fire truck.

- Murgoo, Mt Wittenoom and surrounding areas. Fires were reported Friday morning 2nd December. Attended by Trev and Ross (Fast Attack/Fire Truck). John and Paul also attended with their graders. Crew attended this fire again on Saturday and Sunday.

- North of Curbur Homestead. Monday 5th another fire was reported at approx. 11 am north of Curbur homestead. This was attended by Trevor, Ross Collins (Northcoast grader), Paul Smart (2nd Northcoast grader), One of Northcoast operators Mark (Northcoast loader), Glenn (shire loader) William and colleen (30000lt water cart), Andrew Whitmarsh and two of his staff and myself Brian in work ute. Mark Halleen attended with his plane and was invaluable with his guidance. Tuesday morning mop up was attended by Sandy who flew over with the assistance of Colleen and Will on the ground.

All plant used at the fires has been brought back to the shire yard and has had a complete service. ie removal of all leaves and sticks to prevent fire. All tyres have been checked for splits and damage.

I would like to acknowledge that the crew have done a wonderful job fighting the fires and the care taken of the shire plant. The only damage sustained was a couple of plastic mudguards on the loader and a couple of auto grease lines on the John Deere grader.

Maintenance Crew – John & Paul
Roads graded this month:
Meeberie Woolleen, Wooleen Mt Wittenoom, Wooleen Boolardy and then moved camp to Manfred road.

Manfred road has been fully graded to the homestead. All that remains to do on that road is the double batters, drains and the two airstrips to be graded at Manfred.

As mentioned above the maintenance crew were then called away to fight the fires.

The camp has now been moved back to the settlement and they will concentrate on doing a grade on the Carnarvon Mullewa road south of the settlement. John Daniels has been recalled to Yalgoo with his grader 07.12.2011 to help fight the bush fires there.

Flood Damage Crew
Northcoast finished Byro-Woolleigh road on the 4th December and demobbed back to Geraldton on Tuesday 5th December.

All pumps and caravans are now back at the shire yard. This is the last swing for this year.

On returning in the new year they will finish the Carnarvon-Mullewa road, Butchers Track and Muggon road south of the Muggon homestead.

The floodways south of the settlement have been completed with 2 coat seal 14/7 mm. At the same time bevelled edge was put on the top end of the floodway to hopefully prevent water going under the seal.

A small section on the low level crossing at the Murchison river has been addressed (sealed). Some minor works will still be required on the seal but will be addressed when the 20km of crack patching and pot holing south of the settlement is scheduled.

Plant
Second Hand Loader – Greenline have advised that the Loader is now almost ready. They are waiting on the auto greaser to be supplied so they can fit it. The loader can then be collected.

New Roller – The Bomag roller will not be available until February 2012.

Speaking on plant I am suggesting that the shire consider purchasing a good second hand grader in the vicinity of $30K-$40K, in the 2012-2013 financial year. The grader could then be used to fight fires instead of sending a $400K grader into a bush fire. If the council decide to go ahead, the grader wheels can be kept turning by utilising it around the settlement and to put fire breaks in around homesteads.

Road Works
I have obtained a quote for the crack patching and pot hole repairs on the first 20km south of the settlement for $53,630 including GST, but speaking to Nigel Goode at Greenfields Technical Services, since obtaining this quote he has informed me that there is an additive that can be put into the tar to help seal cracks when spraying (this is called Sealmac).

Greenfield now recommend that we use this additive and updated information is included in the agenda.

Staff
Staff will break for the year on Thursday 22nd December.

Income Statement Summary

**Matter for Consideration**
Council to consider adopting the monthly financial statements for November 2011.

**Background**
Amendments to the Local Government (Financial Management) Regulations 1996 that were gazetted on 20 June 2008 and became effective from 1 July 2008 have resulted in regulations 34 and 35 relating to monthly financial reports and quarterly/triennial financial reports being repealed and substituted with a new regulation 34. The new regulation 34 requires that local government report on a monthly basis and prescribes what is required to be reported with the intention of establishing a minimum standard across the industry.

**Statutory Environment**
Local Government Act 1995
Section 6.4—Specifies that a local government is to prepare such other financial reports as is prescribed.

Local Government (Financial Management) Regulations 1996
Regulation 34 states:

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:

(a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
(b) Budget estimates to the end of month to which the statement relates;
(c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
(d) Material variances between the comparable amounts referred to in paragraphs (b) and (c);
(e) The net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5 and 6 prescribe further details of information to be included in the monthly statement of financial activity.

Matter for Consideration:
A formal resolution of Council is required to set the ordinary Council meeting dates for 2012.

Background:
The general principle is that ordinary Council meetings are held on the third Friday in each month. This is with the exception of January when a recess is traditionally observed.

Statutory Environment:
Regulation 12(1) of the Local Government (Administration) Regulations 1996 requires that:

At least once each year a local government is to give local public notice of the dates on which
and the time and place at which -

(a) the ordinary council meetings; and

(b) the committee meetings that are required under the Act to be open to members of the
public or that are proposed to be open to members of the public, are to be held in the next
twelve months.

Section 5.23 of the Local Government Act states:

Subject to subsection (2), the following are to be open to members of the public:

a) All Council meetings; and

b) All meetings of any committee to which a local government power or duty has been
delegated.

Strategic Implications:
Nil.

Voting Requirements:
Simple Majority.
That Council gives local public notice of its scheduled meetings for 2012 as follows:

**Shire of Murchison**  
**2012 Ordinary Council Meeting Dates**

The following ordinary Council meetings are open to the public commencing at 10am on the dates as shown below. All meetings are held in Council Chambers, Murchison Settlement, WA.
